

# The Eastern North Dakota “US”

## Stories of Shared Ministry

### Using the DVD

When you boot up the DVD, you will notice two prominent stories on the left:

1. **EaND “Us”** 5:21 (5 min 21 sec)

This condensed story highlights the various ministries featured on this DVD. It is ideal for an overview introduction to our shared, synod ministries. Some possible uses include:

Annual Meeting    Church Council meeting    WELCA group

2. **ELCA “Thank You”** 9:17

This video is produced by the Churchwide expression of the ELCA. It is both a way of saying “thank you” and a way of helping congregations see what they are doing through the Churchwide version of a “Us.” It is another piece that could be used similarly to the EaND “Us” piece, above.

### Group 1 and Group 2

In addition to the two overviews, there are several specialized chapters, which are found in Group 1 and Group 2 on the right hand side of the DVD screen. Each of these videos goes into more detail on the ministries featured in the EaND “Us.”

Some possible uses include showing one chapter at each of your monthly council meetings or showing one chapter each Sunday as a Mission Minute during worship if your congregation has video projection.

This DVD is meant to equip you, as a congregational leader, to be a teller of the story of what we do together. People need to know what we do together in order to feel good about enthusiastically supporting our work together.
