

Word from Bishop Rindy

Help for Haiti

The earthquake which struck Haiti Tuesday has devastated this island nation claiming thousands of lives and affecting millions of people. Help is needed immediately, especially prayers and financial gifts for the relief effort.

Visit www.elca.org/disaster to find resources including bulletin inserts and prayer petitions for use in your congregations. There are ways you can financially help your brothers and sisters in Haiti. If gifts are given through the ELCA Disaster Response, 100% of your gift goes to relief efforts. If your congregation wishes to donate funds through the synod office, make your check payable to Eastern North Dakota Synod with "Haiti Relief" in the memo line. We encourage individuals to give directly through the ELCA.

Thank you for your continued prayers and additional gifts of financial support for the relief effort. Lutheran Disaster Relief of Lutheran Social Service, ND has compiled a list of suggestions for raising funds for Haiti relief. This list is included in eEquip monthly e-news and on our website www.eandsynod.org

In Christ,

Bill Rindy
