

m&m's in the C.A.R.

(mission & ministry in the Central African Republic)

A creative and sweet way to help our brothers and sisters in Christ in one of the poorest countries in the world is as easy as **1...2...3...**

- 1. Enjoy this sweet treat of M & M's. Yum!**
- 2. When the tube is empty, consider filling it with quarters. Each tube holds \$14 worth of quarters (a one, five, twenty or even a hundred dollar bill also fits into the tube when rolled up)!**
- 3. Return the re-filled tube to your church.**

The money from these sweet tubes will make a significant impact for people in the Central African Republic. \$14 times 100,000 members (in the Eastern North Dakota Synod) would generate \$1,400,000. This would be more than enough:

- To equip the CAR seminary and provide trained pastors and catechists to share the Good News of Jesus Christ
- To staff and supply the Emmanuel Clinic in Gallo
- To provide "spring boxes" which supply fresh, clean drinking water for an entire village
- To put roofs on 30 chuches (currently waiting for roofs)
- To build a Lutheran high school
- To provide basic, Christian education for the 1000's of children in the CAR (Village Education Project)
- To provide scholarships so women can receive education and vocational training
- To promote an agriculture program which would double the income of farm families by introducing teams of oxen, replacing hand held hoes

God's work. Our hands.
